## PACKARD HEIRS RECEIVE NOTICE

Citation in Will Contest Served After Probate Proceedings Today.

NIECE CLAIMS HER SHARE.

Mrs. Marion F. Marsh of California Says Undue Influence Was Used By E. W. Packard, a Nephew.

After securing the distribution of \$50,-600 of the estate of John Q. Packard, to be divided equally between Mrs. Mary Louise Shear of New York and Edward Winslow Packard of Sait Lake, upon the filing of a bend for the en tire amount. in Judge Lewis' court this morning, Edward Winslow Packard, a nephew of the deceased, was served with a citation and petition for the revocation of the will. The contest is made by Mrz. Marion F. Marsh of Marywille, Yuba county, California, and Packard is cited to appear there at 10 o'clock on July 7, 1999. He is the only heir to the estate who is living in Utah. The other heirs to the estate will also be served with a similar order.

When Packard took the witness stand When Packard took the witness stand this morning to secure a partial distribution of the estate, he said that the property left by John Q. Packard was valued at \$1,600,000. Afthough he and Mrs. Shear, whom he represented also, had asked for a distribution of \$100,000, he was willing to reduce it to \$50,000 in view of the fact that he had heard that the will was to be sentested.

CLAIMS EQUAL SHARE.

CLAIMS EQUAL SHARE.

In examination he showed that he and Mrs. Shear were heirs at law, and if the will was set aside that he and Mrs. Shear would receive nearly \$100,000 cach. Judge Lewis agreed to allow each of the heirs \$25,000 upon the filing of a bond for the full amount. Under the provisions of the will the legacies are not to be distributed until a year after the death of Packard, who died at Santa Cruz. Oct. 1. 1908.

Mrs. Marion F. Marsh, who brings the contest, was given a legacy of \$10,000 under the will. She declares that John Q. Packard was influenced by Edward Winslow Packard in dividing his estate, and that she bears the same relationship to the deceased as Packard and should have an equal amount.

#### PLANNING NEW BANK.

A very spirited meeting of the business men of Bingham Junction was held last evening in Goff's hall, for the purpose of considering starting a new bank. It was unanimously decided to do so at once, and in order to distribute the stock and thus make it the people's bank, it was decided to repeople's bank, it was decided to restrict the stock allotment to 10 shares to any one person. It is the intention to make the capital stock \$20,000, and it is said that nearly three-fourths of the required amount was assured at last night's meeting. A committee of three, consisting of J. W. W. Fitzgerald, R. L. Barth and John A. Aylett, was appointed to draft the articles of incorporation, while William Aylett, Levi Olsen, William Diamond, C. I. Goff and W. C. Bergon were appointed a committee to visit those who could not be at the meeting and secure their identification with the movement.

C. J. Wadak, a Rock Springs Bartender, Kills Woman and Then Himself.

(Special to the "News.") Rock Springs, Wyo., March 27,-Con . Wadak shot and seriously wounded Belle Cook, a woman of the underworld, with a .38 calibre revolver at 4 o'clock this morning and then turned the weapon upon himself, firing two shots in the heart dying almost instantly. The tragedy occurred in what is known as the White House. The woman was taken to the Wyoming General hospital, but lived only a few hours. The body of Wadak was removed to the McNulty undertaking pariors, where a post mortem will be held.

held.

Wadak has lived here six years and first labored at his trade as telegraph operator for the Union Pacific. Later he was employed as clerk for Cosgriff. & Cogluns. After their retirement he took to the saloon business, which has been the cause of his downfall. He was employed by Rasmussen Bros., proprietors of the "Oxford" saloon.

He was about 28 years of age. Jealousy was the immediate cause of the deed.

## SUDDEN CHANGE IN HARRIMAN'S PLANS

Magnate Leaves Paso Robles Before Daylight on Return Trip to New York.

ACCOMPANIED BY LOUIS HILL.

Farmer Will be in Control of Financial Situation, the Coming Year, Says Railroad King.

San Francisco, March 26.-Cancelling his arrangements for a more extended stay in California, Edward H. Harriman left Paso Robles before daylight this morning, establishing temporary headquarters in his special train at Burlingame, 20 miles away, and same to San Francisco with the unexpected announcement that he would depart for New York tomorrow evening or Sunday. His sudden change of plan be attributed to a desire to spend a few ays with his sons before they returned

days with his sons before they returned to school, and he conveyed the impression that he was anxious to resume the duties laid down two months ago.

Mr. Harriman's brief sojourn at Paso Robles was in itself a contradiction of his reported illness. He brushed solicitous inquiries relating to his health arise and hurried away to join his party after a brief expression of his views upon general matters and g kindly but unqualified refusal to discuss any subject connected with the inner workings of the railroad world.

#### LOUIS HILL ALONG.

LOUIS HILL ALONG.

Since yesterday Mr. Harriman has been almost constantly in the company of Louis Hill, president of the Great Northern, whose private car was attached to the Harriman special this morning and who accompanied the Harriman party to this city later in the day. Mr. Hill was communicative when asked why he had curtailed his risit to Paso Robles, explaining that he had come north in order to discuss matters of general interest with Mr. Harriman. The two railway presidents probably will remain in this close companionship until Mr. Harriman's departure for the cast.

"I am just drifting along as I have been doing for the last two months,

"I am just drifting along as I have been doing for the last two months, and I have allowed nothing to engage my attention except the loose ends I have picked up here and there," said Mr. Harriman, "and I really cannot recall a single one of these minor matters that would be of even local interest, I did not know as much of pending affairs as I am given credit for, and I do not know of the reported connections with the New York Central offices—not nearly as much as has been published."

"I am feeling quite well." he said in reply to the first question. "I did not go to Paso Robles because I needed the treatment, but because I wanted to look the place over in the event that such a necessity might arise.

"My stay here will be brief that it can hardly be termed a visit. I think I am entitled to a few days more of recreation, and have decided to spend them with my boys at Burlingame."

"What is your opinion of the industrial outlook in this country?" he was asked. "What will be the condition of the farmer and the small business man next fall?"

FARMER IN CONTROL.

#### FARMER IN CONTROL

"The farmer will be in control of the situation," said Mr. Harriman. "He has been getting rich and he will be richer. He will furnish a great deal of capital for all legitimate uses, and our prosperity depends upon the purposes for which this money is used. If it goes into legitimate development and the ordinary channels of business, this country will be better off. But if it is tied up in new schemes, in the building of new railreads and other enterories. tled up in new schemes, in the building of new railroads and other enterprises where it will not be readily accessible, it is going to be hard for those people who need money at the regular and well-known intervals.

"It cannot be denied that many men-have been put to work, many flagging industries have been revived, and the outlook is hopeful. But what I have outlook is hopeful. But what I have said previously of idle men and idle money is true at all times, and never more so than now. Capital must be invested so that men may not be idle. It must not be put into places where I cannot be readily withdrawn for the contracts of leathers to be a support of the contracts of leathers to be a support of the contracts of leathers to be a support of the contracts of leathers to be a support of the contracts of leathers to be a support of the contracts of leathers to be a support of the contracts of leathers to be a support of the contracts of leathers to be a support of the contracts of leathers to be a support of the contracts of leathers and the contracts of leathers and the contract of equirements of legitimate business.

# S.S. BEST TREATMENT

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the threathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the suppose are supplied with nutritive, healthful qualities, inthat all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Harriman Figuring on Resigning Some Railroad Presidencies.

New York, March 27.—Wall street and men prominent in railroad circles are inclined to accept as a fact the report from the Pacific coast that Mr. Harriman will form a speial consluting card with a view to relieving himself of some of his vast duties. It is generally accepted also that he will soon retire from the presidency of the Union and Southern Pacific railroads. This, however, does not mean that Mr. Harriman would take any less interest in the activity of the system. James J. Hill resigned the presidency of the Great Northern, but continued to dominate the road more than ever. Mr. Harriman, it is said, would as chairman of the board of the road, be as actively identified as ever with the control of those properties, but would concern himself with heard questions of pelicy, to the exclusion of matters of detail.
